

COST ACTION CA15115

MINEA WG 2.1: “Resource potential in residues from extractive industries”

Working meeting

Wednesday, 18th September 2019

Venue: Marivaux Hotel, Brussels

MINEA (Mining the European Anthroposphere) is an EU-funded COST Action addressing the knowledge gap between the availability of secondary raw materials and their potential recovery from anthropogenic deposits. MINEA Working Group 2.1 is working on the knowledge base for mining residues deposits (waste rock, tailings and metallurgical) to allow for the classification and reporting of material resources/reserves. In this sense, the interrelationship with the **MIREU project** is of great importance due to the fact that its aim is to establish a network of mining and metallurgy regions across Europe and in particular to identify ways to ensure the sustained and sustainable supply of mineral raw materials to the EU and to promote investment, innovation and growth in the sector. Furthermore, H2020 project MIREU and Interreg Europe project REMIX are the background for the partnership of **S3P – Mining industry** and the focus of this partnership is related industries and services and global value chains on mining industry.

Agenda

09:00 – 09:05 Welcome and registration

09:05 – 09:30 MINEA: action scope and objectives. WG 2.1 general overview past and ongoing activities.

Dra. Teresa Carvalho, Coordinator of the MINEA WG 2.1 “Recovery of Secondary Raw Materials from Mining Residues and Waste”.

09:30 – 10:00 Synergies between MINEA and other platforms and projects.

Dr. Santiago Cuesta-López, General Manager of the ICAMCyL Foundation and Cluster Manager of the Iberian Sustainable Mining cluster.

Mr. Ilkka Nykänen, Business Joensuu, Senior adviser and Coordinator of the Smart Specialisation Platform in Mining industry (S3P-Industry).

10:00 – 11:00 Introduction to the “Integration of the knowledge-base in a proposed advanced framework for anthropogenic resource assessment” and discussion with audience.

Dr. Carlo Cormio, MINEA WG 2.1 member and CEO of SERENGEO.

All participants for the discussion.

11:00 – 11:30 Coffee break & networking

11:30 – 13:00 Working session

Discussion of Delivery 2 - mining residues - report draft

All participants

13:00 – 14:00 Lunch break & networking

14:00 – 17:00 Working session

Discussion of Delivery 2 - mining residues - report draft (cont.)
All participants

17:00 – 18:00 Working session

Delivery 2 - mining residues – draft report update
All participants

18:00 – 18:30 Conclusions and Wrap-up

Scheduling of further activities for final report writing
Dra. Teresa Carvalho
All participants
